Father Ken's Notes

Carelessness only shows what we don't value.

Mr. James had a friend who used to say that he misplaces and loses his pens absolutely all the time. He will use only very cheap pens so that he need not worry about losing them. He just has this careless habit. Mr. James suggested to his friend that he buy the costliest pen he could afford and see what happens. He did just that and purchased a 22 carat gold Cross pen.

After nearly six months, Mr. James met his friend and asked him if he still has the expensive pen, and if he still loses cheap pens.

His friend said that he is very careful about his costly pen, and therefore still has it. The result of safeguarding his expensive pen is that he no longer loses cheap ones. The experience has changed him for the better. Mr. James explained to him that the value of the pen made the difference, and there was nothing wrong with him as a person.

This is what happens in our life. when we are careful with things in which we value.

***if we value our health, we will be careful about what and how we eat.

***if we value our friends, we will treat them with respect.

***if we value money, we will be careful while spending it.

***if we value our time, we will not waste it.

***if we value our relationships, we will not attempt to break them.

***carefulness is a basic trait all of us have, we know how to be careful.

***on the other hand, - - - carelessness only shows what we don't value.

Father Ken
