

CORE Team application

Who is the CORE Team?

The CORE Team is a group of Catholic youth from the parish and school that have applied and been accepted to hold a leadership role in the New Kensington Catholic Community and Saint Margaret Mary youth ministry program. The job of the Youth Minister (Heather Hensley) is, as the title clearly says, to minister to the youth, and what better way to do that than to have the help of the youth themselves. This year we are looking for a group of high schoolers to make up this team. High schoolers will work together to plan events that are specifically for their age group and for the youth of the parish as a whole.

Why apply to join the CORE Team?

This is a terrific opportunity for youth to grow in fellowship with others their age from the parish and school, leadership skills, and most importantly grow in their faith.

CORE Team Commitment

As with any leadership role, there is a level of commitment that is necessary. By applying you are saying you will do all you can to attend the 1-2 CORE Team meetings a month, as well as events put on by New Kensington Catholic Community and Saint Margaret Mary youth ministry, especially ones you help plan, etc. Youth events are mostly on Wednesdays/Sundays and other meetings can be negotiated when we get our team together. Keep this in mind when filling out the application.

Please prayerfully consider applying to the team! We would love to have you!
